1. Compare user interfaces and interactions for widely used devices (10M)
2. Write a short note on ICT device interactions (10M)
3. Explain user interface and interaction for personal computer (10M)
4. Explain user interface and interaction for mobile handheld devices (10M)
5. Explain user interface and interaction for game console interfaces (10M)
6. Explain user interface and interaction for localized remote controls (5M)
7. Explain hidden UI via basic smart devices (10M)
   a. Explain multi-model visual interfaces (10M)
   b. Explain gesture interfaces (10M)
   c. Compare reflective vs active displays (10M)
   d. Write a short note on combining input and output user interfaces (10M)
   e. Explain auditory interfaces (5M)
   f. Explain Natural Language interfaces (5M)
